

Background to the IRRS

{ Kimberly Roberson, UNHCR
{ 6 February 2018, Norwegian Mission, Geneva

Why

Relevance for
humanitarians...

What next....

Accessibility - Availability - Actionability

Data Revolution

Good statistical practice is fundamentally based on transparent assumptions, reproducible results, and valid interpretations.

Ethical Guidelines for Statistical Practice, ASA

To this end, official statistics that meet the test of practical utility are to be compiled and made available on an impartial basis by official statistical agencies to honour citizens' entitlement to public information.

UN Fundamental Principles of Official Statistics, 2013

National Statistics Agencies

“The numbers are political...”
